

Brandon Faulkner

Louisville, KY • [REDACTED] • [REDACTED] • github.com/bfaulk96 • linkedin.com/in/bfaulk96

Employment

Largely – Remote / St. Louis, MO

Product Engineer

December 2022 – Present

- Develop a communication and recruiting platform (**React, Node.js, AWS, OpenSearch**) with job boards, event scheduling, third-party integrations, and reliable multi-channel communication (email, text, web) with thousands of employees and candidates.
- Drive long-term platform stability by implementing best practices and leading a migration of 1,000+ files (41% of codebase) from **JavaScript to TypeScript**, reducing runtime errors and improving developer velocity.

Bayer AG – Creve Coeur, MO

Senior Software Engineer

December 2021 – December 2022

- Developed and improved Bayer's crop science customer platform (**React, Node.js, AWS Lambda**) to provide a full user experience encompassing purchasing, planting, harvesting, and reconciling crops.
- Modernized CI/CD with **Jenkins & GitHub Actions**, reducing deployment times and improving reliability across teams.
- Shared best practices, explored new tools and technologies, and shared knowledge with fellow developers through technical demos.

Full-Stack Developer

July 2020 – December 2021

Thumbraise – St. Louis, MO

Product Engineer

January 2020 – June 2020

- Built and matured a mobile platform to connect founders and investors using modern, scalable full-stack technologies including **React Native, AWS Lambda, and DynamoDB**.

Centene Corporation – St. Louis, MO

Application Software Engineer

August 2019 – December 2019

- Built cloud-native applications with **Golang, MongoDB, and Angular** to replace legacy systems, improving overall system performance and user experience.
- Partnered closely with the Human-Centered Design team to emphasize a good user experience, guided peers on testing, architecture, and best practices.

Application Software Developer

June 2018 – August 2019

Software Development Intern

June 2016 – June 2018

Education

Southern Illinois University Edwardsville

Graduated May 2018 • **3.97 GPA**

BS in Computer Science, Minor in Mathematics

Enrolled in Honors Program
